KINDLY BRING THIS CATALOG WITH YOU TO SALE

ANNOUNCEMENT

In coming before the public at this time with our annual offering, November 11, 1918, we are listing the grandest lot of individuals we have ever offered, containing the greater part of our 1918 show herd. The entire lot is made up with the very best of Scotch breeding, as will be found when a study of their pedigrees is made.

The female part of the offering is composed of a lot of young, regular breeding cows that raise a calf every year, with the exception of some heifers that are bred for their first calf.

The cows sell with either calf at foot and rebred, or heavy with calf to the service of our noted herd bulls, Gloster Goods, Ruberta's Seal, or Snowflake.

Anyone interested in the raising and breeding of good Short Horn cattle can secure valuable additions to their establishments or foundation material for starting new herds. And we feel confident that the most critical herd bull buyer will find what he is looking for in the bull offering for both breeding and showing.

The cattle are a thrifty lot and will be sold in a condition that will assure the very best future results.

We are pleased to get this catalogue in your hands and wish to express the hope that we will have the pleasure of meeting you sale day. Yours very truly,

RETZLAFF BROS.

GLOSTER GOODS 408789—Is without doubt the greatest breeding bull sired by the famous Ruberta's Goods which gave the H. Rees & Sons herd a national reputation. Gloster Goods is a bull of great scale and is very thick fleshed; has a beautiful head and horns, good back and two good ends. You will see on sale day that all his calves possess the same good qualities. If this bull was properly fitted he would be a very strong winner at the leading shows, but we consider him too valuable a breeder to take out of our herd to show.

Village Coral is a herd bull with wonderful scale, weighing better than 1,900 as a two-year old. He has been successfully shown by us since a calf, winning second at the Nebraska State Fair as a junior, eighth when a junior yearling, and fourth as a two-year old, and always in strong competition.

We regret very much to part with this bull, and are only doing so for the reason that we have too many females related to him. And his value as a sire will be seen sale day by the young stuff going in the sale sired by him. His breeding is the noted Cruickshank's Broadhooks family. This bull is worthy of going to the head of some good herd.
